3-7 In the absence of Depot Staff, (including out of hours), the most senior IPL person on site shall assume the role of Chief Warden until a more senior person is available. Once this person is available, the more senior person may elect to take over the role of Chief Warden. Outside of normal work hours if the site is unattended, the first person on site shall assume the role of Chief Warden until relieved. The Maintenance and Asset Manager shall coordinate activities via phone until he/she arrives on site or assigns a suitable delegate. Where a third party may be on site (e.g. McGregor Gourlay) undertaking business and no IPL person is available, they shall be responsible for activating the alarm and ensuring their safe evacuation.
